Leadership Development • Motivational Speaker • Work-Life Balance

"WOW - Jean is the BEST speaker we have had the pleasure of working with. Her dynamic energy was infectious and shined at our event. Quite a few attendees told me they went back to the office and implemented her strategies which have helped them organize their workday and manage their stress more effectively. Jean also reached out a number of times before and after the event! She is a SUPER WOMAN with SUPER POWERS to motivate any group - I highly recommend JEAN BRIESE for your next event!"

Mail Crispin,
Executive Director

"Life Changing! Jean presented to a large group of leaders within our company. Not only was she inspirational in how to lead effective teams, but most importantly we learned a lot about ourselves and how we need to lead ourselves before leading others. We have all been reflecting on her presentation for days and putting her ideas into action. The results have so far been astounding. Thank you, Jean."

Julie Roseland,
Farmers Insurance

"Jean was an amazing motivational speaker for my 100+ teachers and Leadership Team. We all left energetic, inspired and the staff continued to talk about how they loved her and her message. The activity was amazing, everyone really got into it!! Jean exceeded my expectations and we would definitely have her back again! Looking forward to a great year with my entire staff now. Thank you, Jean!"
